- Address: Colombo, Sri Lanka

SUMMARY

I am a Software Engineering undergraduate with all academic requirements completed and currently awaiting graduation. I have hands-on experience in full-stack development and cross-platform mobile app development. Skilled in React.js, Next.js, Vue.js, Node.js, Flutter, Dart, Firebase, JavaScript, HTML, and CSS, I have developed responsive web and mobile applications with secure authentication, real-time databases, and clean UI design. My strengths lie in object-oriented programming, data structures, and scalable application development using modern frameworks and tools such as MUI, Tailwind CSS, MongoDB, Docker, and Git. I am passionate about solving real-world problems through technology and eager to contribute to impactful projects as a Software Engineer Internship.

EDUCATION

2022 - 2025

BSc (Hons) Software Engineering | Plymouth University | Final Year

- Gained a deep understanding of object-oriented programming (OOP), software development life cycles (SDLC), and design patterns for creating scalable and maintainable applications.
- Mastered comprehensive knowledge of data structures, algorithms, and database design principles, emphasizing performance optimization and efficient data management.

2018 - 2021

GCE/ Ordinary Level | Advanced Level | Mahamaya Girl's School

SKILLS

- **Frontend:**
Next.js React.js JavaScript Vue.js
HTML CSS Tailwind CSS MUI Bootstrap
- **Backend:**
Node.js MongoDB jQuery Java
SQL
- **Mobile App:**
Flutter Dart Firebase
- **DevOps:**
Docker Git

PROJECTS

My Portfolio Website | Next JS Website

Ongoing

GitHub Link: <https://github.com/minu2003/my-portfolio.git>

- Designed and developed a fully responsive personal portfolio website using Next.js and Tailwind CSS, showcasing projects and technical skills.

- Optimized performance with server-side rendering (SSR) and achieved average page load time under 2 seconds.
- Enhanced visual appeal and user interaction using Framer Motion for smooth animations.

Cinemax | React & Node.js Movie Booking System

Jan 2025

GitHub Link: https://github.com/Plymouth-University/coursework-group_91.git

- Contributed to a movie ticket booking platform with seat selection, schedules, and secure payments as part of a team of 8 members.
- Focused on frontend development and containerization, creating maintainable, test-driven components with React.js, Tailwind CSS, HTML5, and JavaScript, improving load times by 20-50%
- Created backend APIs with Node.js and Express.js, implemented authentication, and enabled 100% real-time seat updates with WebSocket's.
- Managed MongoDB with Mongoose, handling records, and integrated secure payment options like PayPal.
- Implemented Docker for containerization, enhancing deployment consistency, and leveraged Git/GitHub for efficient version control and collaboration.

Dual-Money Tracker | Flutter & Firebase Finance App

Apr 2025

GitHub Link: <https://github.com/minu2003/Dual-Money-Tracker.git>

- Built a cross-platform personal and business expense tracking app as my final year Individual project, 95% completed.
- Used Flutter & Dart for UI, with Firebase Authentication for secure login and Firestore for real-time data storage.
- Implemented income/expense (Personal) and credit/debit(Business) tracking, add/edit/delete features, and secure user-based data access.
- Applied provider for state management and created clean, reusable UI components.

Green Super Market | Java Web Application

Dec 2023

GitHub Link: <https://github.com/minu2003/Green-Super-Market.git>

- Developed an e-commerce web application using Java, HTML, CSS, and SQL enabling users to browse and purchase products seamlessly.
- Blended PayPal Sandbox for secure payments, improving transaction reliability by 95%.
- Optimized backend with SQL queries, reducing query execution time by 40%.
- Enhanced user engagement by 30% through a responsive design.

EXTRA CURRICULAR ACTIVITIES

Head Prefect | Mahamaya Girl's School.

2020 - 2021

- Demonstrated leadership and organizational skills by managing a team of Prefects.
- Coordinated school events and represented the student body in meetings with administration.
